## **Community Choice Earns Two Top Workplace Awards**

**Farmington Hills, Mich., March 11, 2020** – Community Choice Credit Union team members have spoken, and the overwhelming sentiment is that no matter the challenges and obstacles faced in 2020, they are happy to be a part of a team that respects and appreciates the effort that goes into maintaining a top working environment in which they feel respected and appreciated.

Earlier this winter, the credit union was awarded with both a Detroit Free Press 2020 Top Workplace Award and a 2020 Best and Brightest Companies to Work For® award. Recipients of these awards are determined through employee responses to in-depth, anonymous surveys that assesses team members' satisfaction with their working environment.

This is the eighth time Community Choice has earned the prestigious Top Workplace recognition and the fifth straight year of winning national recognition for Best And Brightest. Both awards are a source of pride for everyone at the credit union. They are further proof that Community Choice has found the right mix of work-life balance, professional development opportunities, and compensations and benefits.

"We are especially honored by the positive survey responses and feedback that team members shared in both surveys. We take great pride in our culture – driven by our core values of Committed, Charitable, Credible and United. Every day, our team members are making a difference – for our members, each other and the communities in which we serve. This year was extra special, we all worked extremely hard to keep morale high and our team members feeling safe, even through all of the distractions," said Community Choice Chief Human Resources & Marketing Officer Donna B. Siejutt. "The fact that our team members think so highly of our culture means we're living our key culture drivers of Mastery, Autonomy and Sense of Purpose. I thank each and every team member for the commitment and dedication they showed during unprecedented times. The fact that we came out of 2020 with two top awards, that's truly remarkable!"
