Community Choice Credit Union Installs Drive-up ATM at Redford Location

Farmington Hills, Mich., January 5, 2022 – Community Choice Credit Unions is excited to announce the installation of a drive-up ATM at their Redford Member Center.

As one of Community Choice's busiest locations, the addition of a drive-up ATM is another convenient way members can access their accounts or get fee-free cash in a flash, 24/7!

The new ATM is accessible from the left lane of the drive-thru, covered by an awning, and is well lighted providing an extra layer of protection and security for anyone who uses the machine.

"We are so excited about the installation of a drive-up ATM at our member center," said Sabrina Evans, Redford Member Center Manager. "Our members might have young kids in the car, experience mobility challenges, or just need to take care of their business quickly. This new ATM is going to be such a convenient option! We know our members are going to be just as excited about the new ATM as we are, if not more!"

The decision to install the drive-up ATM was made in response to member feedback. "The credit union prides itself on acting on feedback shared by our members, said Evans. "In this instance, it was another way to demonstrate how we are there for them when they need us."

Located at 25447 Five Mile Road in Redford, the Redford Member Center is one of 22 Community Choice locations. The location offers full lobby and drive-thru service and two additional ATMs—one in the lobby and a 24/7 walk-up ATM within the entrance. Each ATM provides fee-free access for non-members who belong to a financial institution that participates in the CO-OP network.
